Spark

Spark, Oregon's Quality Rating and Improvement System is a system designed to raise the quality and consistency of early learning programs across the state. Spark aligns with the national trend of QRISs that recognizes, rewards, and builds on the current quality of early learning. Spark provides a framework for program quality improvement while providing a tool that helps parents looking for quality early learning and care options.

Visit **http://www.oregonspark.org** for more information on requirements and standards.

There were 44,269 children in Early Learning & Development Programs (ELDPs) that had achieved a Commitment to Quality (C2Q) rating or above. Three in five (83%) of those children are in child care centers, 12% are in certified family child care, and 6% are in registered family child care. ELDPs that have attained a 3-, 4-, or 5-star rating provide service to 24,348 children. The age distribution of children in C2Q or star rated programs is highlighted in the figure. Head Start programs participating in the QRIS provide services to 13,342 children.
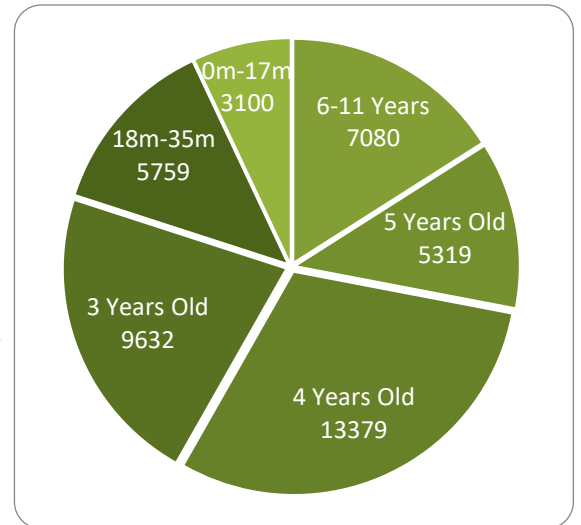

Total Children in Programs Participating in QRIS

44,269

This report reflects information gathered as of Dec 31, 2022.
