Spark

Spark, Oregon's Quality Rating and Improvement System is a system designed to raise the quality and consistency of early learning programs across the state. Spark aligns with the national trend of QRISs that recognizes, rewards, and builds on the current quality of early learning. Spark provides a framework for program quality improvement while providing a tool that helps parents looking for quality early learning and care options.

Visit **http://www.oregonspark.org** for more information on requirements and standards.

There were 43,962 children in Early Learning & Development Programs (ELDPs) that had achieved a Commitment to Quality (C2Q) rating or above. Three in five (82%) of those children are in child care centers, 13% are in certified family child care, and 6% are in registered family child care. ELDPs that have attained a 3-, 4-, or 5-star rating provide service to 24,419 children. The age distribution of children in C2Q or star rated programs is highlighted in the figure. Head Start programs participating in the QRIS provide services to 12,827 children.

CC = Certified Center; **CF** = Certified Family; **RF** = Registered Family; **HS** = Head Start; **AP** = Alternative Pathway

Alternative Pathway (AP) indicates programs that are license exempt due to their association with school districts. These School Partner programs may have been licensed in the past and are still eligible for Spark participation. There are other School Partner programs that are not currently participating in Spark. However, the full list is not available yet so there may be discrepancies in the Data Facts until all School Partners and School Partners participating in Spark (AP) can be identified.
