

## **ERS Observation Reflection Guide**

This guide is recommended for programs to use with their staff/teams and a Continuous Quality Improvement (CQI) professional, such as a Quality Improvement Specialist (QIS), Education Coordinator, Director, etc. This guide can be used after receiving your CQI ERS Observation Summary Report, following the completion of your ERS CQI Observation. The purpose of this guide is to support your CQI journey by providing questions to help you reflect on your current practices.
